30+ CONTINENTAL - FEDERAL - CENTRAL TEAMS BEGAN PLAY IN THE 2001 MSBL WORLD SERIES — WEATHER PICTURE PERFECT FOR GAMES By Tom Prendergast

Week two of the 2001 MSBL / MABL World Series got off to a great start on Monday. A full slate of games was on tap for most divisions as many teams started the tournament with double headers. History is on the side of teams that get off to a 2-0 start, eighty five percent of the teams that won their first two games in the last five years have qualified for the playoffs. The weather was ideal and most of the field conditions couldn't be better. As the week continues, most teams will be hoping to conserve their pitching for the playoffs.

The two teams that traveled the farthest to participate this week, the St Thomas Tropical Waves (Central Division #2) and the Aldergrove Giants (Central Division #1). In addition to the teams several umpires have traveled from outside the United States, from as far as the France and the Netherlands. Scorebook.com will be keeping track of all team stats.

2001 MSBL WS HOME RUN HITTING CONTEST TO BE HELD FRIDAY NIGHT AT TEMPE DIABLO STADIUM - 7:00p START

This year the Home Run Derby will be held on Friday night at Tempe Diablo Stadium. Every player who wants to will have the opportunity to see who can hit the most home runs and lay claim to the bragging rights of MSBL "Home Run" champ for the 2001 World Series.

The entry fee will be \$25 (per player) and the first place prize will include their picture in HardBall magazine, a Black Magic Easton bat (33 inch - 28 oz) model and \$250. The runner up will receive his choice of the prizes on display. The top 5 HR run contestants will win a prize.

Home run contest rules are as follows: All players must provide their own bat and pitcher. During the first round each player gets ten (10) swings. Only balls that clear the fence and are fair balls, will be counted. After the first round, the players who have hit the most HR's will repeat the process in round two. The contest will continue until one player has hit more HR's than anyone else.

The contest will begin at 7:00p at Tempe Diablo stadium and only cash will be accepted, no checks. Players may enter the contest anytime between now and Friday night. The order of hitting will be determined by when a player signs up. Each entry will receive a number when they turn in their entry fee and they will bat in that order. For more information, stop by the WS Info Desk at Tempe Diablo Stadium or call 602-438-0242.

Check out the Daily News on the web at www.msblnational.com or pick up one at a local hotel (listing on page 2). We have these scores because you called them in. THE WORLD SERIES LIGHTER SIDE

Pitching Pigeons By Clyde E. Miller

By now everyone has seen the vid-

eo of Randy Johnson pitching and flat out nailing a pigeon with a fastball. Feathers fly, the crowd gasps, the catcher looks startled and Randy starts arguing with the umpire about the call. I've been inspired to start a cottage industry because of this one particular incident. I call the business "PITCHNG PIGEONS INC." You probably guessed it. I raise pigeons for pitching practice. Since we hear so much in the MSBL about a moving strike zone, what better way to train pitchers than to give them a moving target to pitch too. I checked the numbers, pigeons, at their fastest travel about 65 mph. Pitchers in the MSBL at their best average about 70 mph. So here is the formula to figure P=Pigeon velocity divided by P2=Pitcher velocity X M1=height of the pitching mound with an exponent of the temperature=56% of the gross national income minus the beer consumption of the 40+ Central Division champions and you get a rough estimate of how to hit a pigeon on the fly with a wild pitch. It is going to take a lot of pigeons to

practice; we're looking at 1725 pigeons at roughly \$45 a dozen on any given day. Multiple that by a reasonable 65 practices 112,125 Times \$45 and you can do the numbers. Now Rawlings (the official MSBL pigeon sponsor) sells pigeons for just over \$54 a dozen. These are the raised feather pigeons, not the low seamed feather pigeons you get from China or some such place. Better flight time, better velocity and when hit with a pitched ball they explode! I bought a dozen of their pigeons and have been breeding my own. Same feathers, same performance, different logo. I can also dye the feathers a team color. You want red pigeons, I've got them. Wow, you say I could do that. Sure you could, but you didn't and you won't. Pigeons are messy, loud, and stupid. The bird feed alone takes up the garage. I have also trained these particular pitching pigeons to be "homer" pigeons. When pitching at them and you miss...they fly home. Once there I can resell them again as a new product since they are not yet in the Hit By Pitch Statistics. There is also the SPCA (Stupid People Causing Accidents) to deal with. They will whine about the unnecessary deaths of birds, the carnage, the pain, yada, yada, yada...I just hit them with a 30 ounce, 32 inch, light colored wide grained, handle number 4 and they leave me alone. Finally, if you have never had tenderized pigeon you should cry "FOWL"! Give me a call when you need a Pitching Pigeon. (also good for weddings, peace conferences, practical jokes and magic tricks)
