Before Lodging An Official Protest Check The Rules

By Tom Prendergast

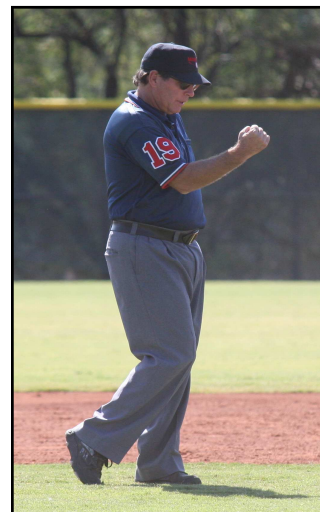

Hold on to that \$50 dollars a few more minutes before announcing to the umpire that you intend on making a protest. Remember that an umpire's judgment is not protestable and neither is the time limit. According to the Official Rules of Major League Baseball "Annotated", **Professional Interpretation** rule 4.10 states the following: "In making a decision as to when to invoke the curfew, the umpire shall rule that an inning or half-inning starts immediately after the third out of the preceding inning is made."

Real Time Scores On The Scorebook.com Website

Once again this year the World Series staff is going to use the software developed by **Scorebook.com** to provide real time game results as soon as they are called in to the office. So as soon as the WS office gets the score it will be entered into the WS Scorebook.com database. Current divisional standings will automatically be calculated based on these new results. So don't forget to call in your scores as soon as the game is over.
