Revised Central Division Participation Rule Still Causing Some Confusion With Teams

By Tom Prendergast

It's easy to understand why the greater Phoenix metropolitan area is called the "Valley of the Sun", after a day like yesterday. Both the weather and the competition on the ball field were terrific. Once again this year the MSBL / MABL World Series staff is going to use the software developed by Scorebook.com to provide real time game results as soon as they are called in to the office. This means that as the WS office gets the score it will be entered into the Scorebook.com database. Current divisional standings will automatically be calculated based on these new results. So don't forget to call in your scores as soon as the game is over.

If your team is competing in one of the Central Divisions there are a few things to keep in mind during the game. While the rules state that each team must bat a minimum of 14 players if one team only has 12, then the other team has the option to bat 12 as well, without penalty. The batting out of turn infraction is not a protestable violation that would result in a game result being overturned by the WS office. A batting out of turn resolution must be brought to the attention of the home plate umpire before the first pitch to the next batter.

Note: The 2009 MSBL / MABL World Series Daily News will be available at the following locations: The Dobson Ranch - Homewood Suites (Tempe) - The Buttes Hotel - main office at Tempe Diablo Stadium.
