Morning Rains Don't Slow The Tournament Down, All Games Played!

Central Division Participation Rules Don't Allow For Any Mulligan's

By Tom Prendergast

Mother Nature sent just enough rain into the valley yesterday to wash out a few fields, but in the end every game that was scheduled for Thursday got played. In all 87 games were played and despite the disruption in the regularly scheduled games, all of the teams got their games played. Only the morning games were affected and by 1:00pm, all of the fields were up and running. A great job by all of the groundskeepers. The 50+ / 60+ teams focus on the playoffs today, with the top two teams from all 6 divisions advancing to the championship games on Saturday. Teams with fresh arms certainly have the advantage in today's games as the winners play on, and the losers go home.

Teams that opted to play in the Central Division should of course be aware of the main rule (or prime directive) that governs this division. Player participation is the key word in this division and failing to get the required number of batters in to the lineup could end up costing a team a win. That's a pretty severe price to pay for not getting every guy at least one plate appearance during the game. So it's probably a good idea to make sure that if you're in this division, make sure your batting lineup is in compliance with the rules.

**Remember - No Drinking or Tobacco products are allowed
on the fields during the MSBL / MABL World Series.**
