MSBL World Series Hall of Fame Inductee John Stefanik

By Steve Lamontia MSBL Communications Director John Stefanik World Series Hall of Fame Sixty six year-old John Stefanik is the longstanding maestro of the All-Star Baseball Academy baseball teams that are an annual fixture of the MSBL World Series, as well as a part of the John DeBenedictis League in Pennsylvania. This retired general contractor generally escorts teams to Arizona in the 50+ over and 55+ over divisions and are a well-managed group of good ball players but more importantly a family of great people. "The reason I am still in baseball is because each and every ball player on our team plays my style of ball," said Stefanik. My teams are families and like brothers and they in turn feel the same way about me. We don't sell out our team by attracting one guy who may be a great player but wouldn't fit our family atmosphere." Because of John's caring team attitude and his embracing the MSBL World Series as a manager / player since 2006, MSBL Founder and President Steve Sigler inducted John into the 2019 class of the MSBL World Series Hall of Fame. "John represents exactly what MSBL was created to do in 1986, with his emphasis on sportsmanship, professional approach, competitiveness, and just being such a nice gentleman," said Sigler. "My trip to Arizona every year is highlighted by meeting with people like John. I am eternally grateful for his enthusiasm and loyalty!" "This award validates my passion for managing the game and what I'm doing and that it makes a big difference in my player's lives," added Stefanik. "Choosing to be a manager and evidently doing it well must be working! I was surprised when I heard from Steve and really humbled. I love the organization and am so impressed in what he did and I am in awe of him for following his passion." John was a catcher and quarterback at Millersville College, located in Pennsylvania, and found baseball again in 2003 with the Radnor Raiders, after many years of competitive tennis and platform tennis. A shoulder issue forced him to be a full-time manager, though he does still play in the 65+ division during the summer as a first baseman with a good stick in the DeBenedictis league. "I am a catcher by trade (continued on page 2)

Playoffs Loom Large As Pool Play Wraps Up for 50+ Divisions Today Most Tie Breaking Scenarios Usually Come Down To Least Runs Allowed By Tom Prendergast

During the pool play round, a team is awarded two points for a win and one for a tie. And the first tie breaker will always be head to head competition. If this doesn't break the tie (which it rarely does), the next determining factor in playoff seeding will be least runs allowed. So it's pretty darn important to be checking the standing on line and in the newsletter to make sure your teams runs allowed total is accurate. If it's not, then a quick call to the WS office is your best bet to correct it. Where multiple divisions are involved, wildcard seeding is most affected by this category. For example: 6 teams finish with identical records, all to be considered as contenders for the 4 wildcard positions. Two teams are from the same division, while the 4 other teams are not. For the two teams from the same division, head to head competition will not count towards eligibility for the playoff qualifying status since all 6 teams did not play each other. Only runs allowed will be considered. It's always a good idea to call your score in immediately after the game, especially on the last day of pool play.

John Stefanik World Series Hall of Fame (from page 1)

but in 2008 I tore my rotator cuff while playing in Puerto Rico. I carried on with therapy but then in 2009 I went back to Arizona and really damaged it, requiring surgery, but they couldn't repair it so that took care of the catching element and the playing career. In 2009 I started managing these guys in both the MSBL World Series and with our All-Star Academy teams back in the league. My emphasis has changed to now be the best manager I can be and put all of my efforts into that."What John brings to the World Series is a quality experience for his team and has tried to keep them all coming back and staying in the 'family'. Their turnover is very small and their results are very admirable. "We usually make the playoffs and are always competitive but we have never gotten a ring," stated Stefanik. "It is always a thrill to see everyone again and know that we have a good week of competitive fun, on and off the field, and if a ring happens then it will happen. A good experience with good people is our focus down there because of our love of the game and one another." (continued on page 3)

John Stefanik World Series Hall of Fame (from page 3) It should be noted that John actually does have a ring from the 2016 MSBL Fall Classic when he teamed up with some players from Pittsburgh and everything jelled, as they went 7-0 and won the hardware. When asked about a highlight from his World Series experiences John didn't recite a special play or accomplishment, his answer was centered on his team and their character. "One year they only had three teams in the mountain

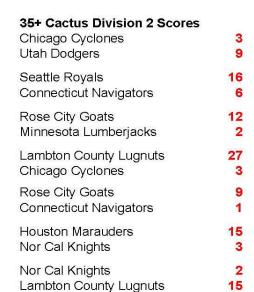

division, which was above us as we were in the central, and Sigler said that the winner of the central goes up to the mountain playoffs. Some teams weren't too fond of that because they wanted to win a ring. Heck, we wanted to win our pool play and get to the upper division and play those guys and we did end up moving up. Yes, we got smoked but all of the guys were proud that they went up there and tried every game. I am so proud that our team always tries hard to win. You earn team chemistry, it doesn't just happen. That is what sticks out to me."

70+ and 73+ Rules Review Regarding Stealing Bases (which is not allowed)

No stealing is permitted in these divisions Penalty - Should a base runner attempt to advance (by stealing) the runner must return to the base he occupied at the time of the pitch. The defensive has the option to throw to the bag the runner left, via an appeal play - and may force the runner out if the ball beats the runner back to the bag

New this year the mobile Shaved Ice snack shack that's selling refreshing snow cones. The perfect cool down drink to help combat the heat this week. Located at the Tempe Diablo complex between fields 3 - 6.
